

PRESS RELEASE

Malmö 26 March 2021

## New Nordic Healthbrands AB (publ) has decided to postpone the application for listing on Nasdaq Main Market Stockholm due to the Covid-19 pandemic. The new plan for listing is in 2022.

Following our announcement on February 28, 2020, we confirm that we are preparing for listing on Nasdaq Main Market Stockholm.

However, we have decided to postpone the application until the Covid-19 pandemic has eased.

We expect that the application will be made in 2021 in order to publish the prospectus after the publication of the annual report for 2021 and obtain listing latest by year-end 2022.

New Nordic is expanding internationally. A listing on the Nasdaq Main Market will attract more interest in the new Nordic share from international investors and institutional investors.

New Nordic does not currently plan to issue more shares in the company in combination with the listing.
